

DFARS/CMMC Compliance Manager Solution

Mitigate cyber risk.
Protect your business.

Defense contractors are high-value targets of cyber attackers.

If you are one of the 140,000 that handles federal contract information, you must comply with DFARS/CMMC Level 1.

RISK OF NON-COMPLIANCE

- ⚠ False Claims Act liability
- 🔒 Cyberattacks
- ✗ DoD debarment
- 🚫 Permanent loss of business

The Optimal Solution

CyberCatch's DFARS/CMMC Level 1 **Compliance Manager** is the optimal solution — and the most affordable.

A purpose-built tool to help you quickly attain and maintain compliance and mitigate cyber risk.

Exclusive Benefits

Complimentary Security Awareness Training

You will receive CyberThreatTV to train all your employees on latest cyber threats and how to stay safe, with reporting dashboard.

No-Application Cyber Insurance

Once you implement CyberCatch's solution to attain compliance, you will receive a no-application cyber insurance policy from an A XV rated cyber insurer at a discounted price.

The Honorable Tom Ridge

Former Special Assistant to the U.S. President and First Secretary of U.S. Department of Homeland Security

"CyberCatch was created to solve the root cause of data thefts and ransomware: security holes from missing or ineffective cybersecurity controls.

I am proud to endorse CyberCatch and serve on the Advisory Board"
